VAN SHIELD NORTH

Why choose Van Shield®?

In simple terms, Van Shield® is essential for anyone transporting fish, poultry, meat, dairy, chemicals, produce, flowers, catering goods, diapers, or any cargo that might leak, spill, or leave behind messes that can damage or contaminate a van's interior. This includes items that require refrigeration or create unpleasant odors.

- It's designed with a seamless, corner-free interior—no spots for debris to collect.
- The non-porous surface resists corrosion and prevents absorption of caustic or foul substances.
- Smooth and snag-free, it's extremely easy to clean. Just hose it down, steam it, or apply strong disinfectants.
- A built-in floor drain makes cleanup even easier and more efficient.

Van Shield® Helps Lower Your Operating Costs

Van Shield® extends the life of your vans and increases their resale value. With less corrosion and easier maintenance, your vehicles will experience less downtime—saving you both time and money.

Perfect for small or local delivery businesses using any size or height of Sprinter van, Van Shield® is U.S.D.A. approved and designed to meet the needs of a wide range of industries.

This cost-effective, high-quality solution reflects the professionalism of your operation. It keeps your cargo area clean, visually appealing, and in like-new condition for years.

Van Shield® features a durable resin-coated finish that is color-integrated, so scratches and nicks are less visible. Unlike traditional paint, it won't chip, flake, or peel—and if damage does occur, it's isolated to the impact area and can be easily repaired to look like new.

For those transporting perishables, Van Shield®'s plywood core offers a natural insulation value superior to aluminum or steel—ideal for short runs where refrigeration may not be necessary. For temperature-sensitive goods, an insulated version of Van Shield® is also available.

What truly sets Van Shield® apart is its custom fit. Each unit is molded specifically for your van and cargo needs. Depending on your hauling requirements, you can choose from a partial lining, a full lining, or a fully insulated interior.

Trusted Service. Proven Support. Lasting Relationships.

At our shop, we're proud of our rock-solid reputation for delivering outstanding service, expert support, and total customer satisfaction. For over 30 years, we've been committed to providing the best parts, accessories, and care in the business—backed by a dedicated team that knows the industry inside and out. We've built lasting relationships with customers who count on us, and we're honored to be part of their success. Your trust means everything to us.

Thank you for choosing us.

We're here to keep you moving forward—with service you can count on.
